Note: if you are unable to deliver the medication to school, it is advisable that you nominate a responsible person, who is not a school staff member, to transport the medication to the school.

For some medications and some students it can be appropriate for them to carry their own medication to and at school. For example, asthma reliever medication and pancreatic enzymes for cystic fibrosis. If your child is to carry their own medication we want to be able to support this and request some information so that we are well informed.

Note: The school may still need you to provide an additional supply of the medication for storage in central location/s within the school and for use if your child needs the school's help.

Would you like the principal to consider a request for your child to carry their medication?
